ALL YOU CAN EAT!!!

Have you ever felt blessed? Fortunate? An overwhelming sense of gratitude? Well, that's how I have felt being Chair of the 65th Committee.

Father Andrew, thanks for your input, your attention to detail, and your deep caring for St. Clare. You were the catalyst for this celebration. We may joke about your many "ideas" but it is said fondly. Your efforts are so appreciated.

Allow me just a brief overview. The volunteers on the 65th Committee worked week-ends at Mass distributing tickets and called each other to coordinate everything from working together to handling details and more details.

- Feeling blessed – well, that was Marge Zurack's role who co-chaired this with me. For all those who have chaired events as the 65th, you know you can't do it without that particular person **who just does it all.**
- Let me thank my husband Roger who is *always* there helping from beginning to end on whatever project I've volunteered to do. He willingly does anything he can to make it a success. And I am grateful.
- Sharon Freitas who invested incredible hours into both Masses to make them so special while recognizing many long-term parishioners. (Even though she's threatened more than once to disown me once this event ended!)
- Sue Ternes – recent back surgery? No problem she said. While *recovering* she volunteered to make homemade cookies for the Afterglow, beautiful vases for the stage and the centerpiece for Father's table – right down to a mini dog.
- Teamwork continued with Kelly Kramer who is one of those special volunteers who offers her help before she's even asked. What

a pleasure! And Tim Kramer who's help completed the week-end for us.

- Ronni Melvin humorously calls herself a "worker bee". Oh my goodness what an understatement!
- Karen Perkowski who helped in many capacities and was instrumental in getting us through set-up, while juggling multiple work and personal commitments.
- Donna McMillan who not only graciously helped us pull the week-end together but enlisted her husband, Marty, to do volumes. There's a legendary story about Marty and the cakes we served. Do yourself a favor and ask the McMillans to share this story.

And then there are those on this Committee who just worked and worked in the background handling *so many details* – many until well after Midnight. They are the epitome of TEAMWORK.

- Rachael Perkowski
- Heather & Jon Babbie
- Teresa Muniga
- Carol Romano
- Jacquie Lauth

Now add to this star line up those people who had no direct stake in the success of this particular Committee but helped enormously – each in their own way – to make this a success for St. Clare. We listed them as SPECIAL PROJECTS on the back of the Mass Book. They were the ones who freely shared information, did a Power Point presentation, wrote press releases, worked on finances, took pictures, proofed page after page and were generally always at the other end of the phone when I called – and I did CALL.

Blessings to each of you,
Carol Jacklyn
65th Committee
